## CUSTOM WEDDING FLOWER JEWELRY

F101b Earrings = \$120 Pendant = \$75

F101c Earrings = \$110 Pendant = \$75

F561 Earrings = \$130 Pendant = \$75

F500 Complete three piece pendant = \$270  
Left pendant (red style) only = \$ 75  
Center pendant (orange style) = \$135  
Right pendant (yellow style) = \$75

All pendants come with a stainless steel cable with magnetic closure. Available in 16", 18" and 20".

Flowers should be brought to us ASAP in a piece of white paper, not in a plastic bag (the flowers need to breathe or they will mold). The best way for the flowers to be preserved is freeze drying, however because it is so expensive the artist will dry them and then spray them with a translucent pigment. It is best that if the flowers are older that a photo of the flowers on the wedding day be brought in and sent to the artist so she can match the colors.

At least 10 flower petals of each color are required for each piece of jewelry. Allow 6-8 weeks for delivery of the finished product.

An additional \$20 must be added to each piece for the petal preparation and shipping. This cost is on top of the jewelry price.
